appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after-effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Fergie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has addressed thousands to health. Address, Lynn, Mass.

## CARE OF FURNITURE

SOME HOUSEHOLD SUGGESTIONS WORTH HEEDING.

**Rag Rugs Becoming More Popular, and Are Artistically Made—To Restore Mahogany That is in Bad Condition.**

The simple rag rug for country homes and bedrooms is becoming more popular. New materials are now being used, instead of the discarded clothing, old sheets, etc., which were used generations ago for the "hit-and-miss" rag carpet. Those of to-day who are interested in the work consider carefully the artistic effect in color and weave. If the rugs are to be washed, it is well to use fast colors. Those for living rooms are made much darker, and do not need laundering. Old Persian carpets and hangings may be used to good advantage. The most satisfactory new materials to buy are ginghams, ticking, denim, cotton flannels, etc. Real thin cotton goods are not recommended.

In preparing materials for weaving care should be taken. The strips may be cut straight or on the bias, and they should be nearly an inch wide. They must also be sewed together very smoothly and firmly. The best looking rugs are made from the colors being kept in separate balls. Striped or figured materials give good results, with borders of a plain color, while others are pretty with plain centers and figured borders. It takes about one and a half pounds of cotton rag for one square yard of weaving. When rags are furnished to the weaver, his charge is from 50 to 60 cents a square yard, which includes the warp and his labor.

When mahogany furniture is in a very bad condition the only method of restoring it is that of first removing the old finish, and the old method of scraping and sandpapering is the best one. After this is done, either wax, varnish or oil may be applied. Deaths in hard wood may be filled in with colored wax. White enameled furniture may be cleaned with a cloth dampened in warm water and a little whiting if necessary. At the end it should be thoroughly rubbed dry with a soft cloth. Oil furniture and gilt frames may be cleaned with a paste made of whiting and alcohol. This should be rubbed off before it hardens. Natural-colored wicker furniture can be scrubbed with a brush and warm soap suds. Painted and enameled wicker should be treated like white enameled furniture. This sort of ware, however, is quite unsatisfactory because the enamel chips and the paint wears off.

When varnished floors have become blackened in spots and there are numerous heel marks, they need a standing finish, and must be treated with extreme measures. The old finish must be first removed, and when the floor is revarnished, see that the liquid is of good quality, and that several coats are given. A waxed floor needs only another coat of wax and a thorough polishing. Grease spots can often be removed with turpentine. It is best to remove spots from rugs or carpets as soon as they are made. Spots made by sticky substances may be removed by sponging them with alcohol and salt, a pint of alcohol to a teaspoonful of salt. Grease or oil spot should be covered with wet fuller's earth, and allowed to stand for two days and then brushed off. French chalk will remove fresh grease spots. Cover the spots well, then spread a brown paper over them and apply a moderately hot iron.

### Berry Pies.

In making all berry pies, especially strawberry, cherry and blackberry pies, put the berries on to stew with little water. Add sugar, small piece of butter, and pinch of salt. When they stew about three minutes thicken with a little cornstarch and turn in pie plates lined with raw crust. Put on top crust and bake, or bake in one crust and spread beaten whites of eggs over top and brown in oven. This beats the old way of putting raw berries in the crust and does not use any more time, as it doesn't require so long to bake them. The salt sets the flavor and the cornstarch keeps the juice from running all over. They cut better when warm and are simply delicious when cold.

### Yellow Lentil Soup.

Wash one cup lentils, boil in three pints of cold water till soft, replenishing as the water boils away. Cook a carrot, one onion, two sprigs of parsley, two bay leaves in water, salt into the soup half hour before serving. Thicken with one tablespoon each butter and flour rubbed together, add salt and pepper. Serve with croutons. Lentils are the nearest of all substitutes for meat. They are good in stews, puree, boiled and served with chives or onions, peppers and lettuce. French or cooked dressings.

### Sweet Peppers for Winter Use.

Soak sweet green, red and yellow peppers in salt water over night. Drain, chop through food-chopper. Boil plenty of white wine vinegar, granulated sugar, mixed spices (in a bag). Let this get cold and pour over peppers and seal. Not an exact recipe, but any housekeeper with judgment will succeed.

### Assortment of Tin Covers.

The housewife who has regard for her best plates and fine napkins, should make it a point to see that they give her cook no excuse for using them as covers for pots, pans and left overs.

The best preventative is to own a supply of flat tin lids with handles.

### Apple Duff.

A good way to use up dry bread: Put layers of apples in basin, on them a layer of bread, sprinkle with sugar and cinnamon, apples next, so on until basin is full. Moisten with sweet milk and bake until apples are done. Serve with cream.

## KANSAS STATE NEWS

A Brief Review of the Happenings of a Week Condensed Into Paragraph for our Busy Readers

**Fall Results Fatally.**—Abdel Unker, living seven miles south of Enterprise, fell down a stairway at his home, producing injuries from which he died. He was 83 years of age, and was an old timer.

**Fought at Wilson Creek.**—Twelve old soldiers, survivors of the battle of Wilson Creek, met at the home of Chas. Franke in Leavenworth and celebrated the forty-seventh anniversary of the battle day. F. B. Dawes made an address. Most of the day was spent in reminiscence talk.

**Burns 14 Horses.**—Fire of unknown origin destroyed the livery barn of Grant Armstrong, at Arkansas City, burning fourteen head of horses, thirty-five or forty vehicles, many sets of harness and a large quantity of feed. The estimated loss is \$10,000, with insurance on the stock of \$2,000 and \$2,500 on the building.

**No Blue Sunday.**—The Solomon city council turned down a blue Sunday ordinance by a vote of four to one and now everyone, that is nearly everyone, in the little city is wearing a smile. Father can buy his cigars and chewing tobacco on Sunday as he always has and the boys can treat the girls to chewing gum and ice cream as heretofore. Solomon has a sensible council.

**No Complete Returns.**—Many letters and telegrams reach Topeka asking about results on certain election matters. There is no way to determine the results. Official returns of the primary held a week ago are coming in very slowly to the office of the secretary of state, where they will be canvassed by the state canvassing board. About twenty counties have reported their vote. Totals are being compiled as rapidly as the votes arrive. It will probably be a week before the grand total will be given out.

**Big Flour Contract.**—Word has been received at the office of the Hogan Milling company of Junction City notifying them that the firm has been awarded the contract of putting up 250,000 quills of flour in tin cans for use in the army in the interior of the Philippines. This contract was bid for some time ago. There are a number of mills in Kansas which passed in bids, but the Hogan Milling company received the contract.

**Oldest Veteran's Funeral.**—The funeral of Hiram J. Coval took place from the Congregational church at Jetmore. He was the oldest old soldier in Hodgman county, being 84 years old. He was a member of the G. A. R. post at Pleasanton, Kan., where he lived prior to moving to Jetmore.

**Seven Children August Born.**—A son was born to Mr. and Mrs. Hugh Donley. It was the seventh child in the family and all of them have been born in the month of August. The oldest child is 13 years old and two of the children have the same birthday. Mr. Donley is a letter carrier at the Hiawatha office, and his birthday falls on July 31.

**Baby Born in Jail.**—Lucy Wolf, a short sentence in the county jail at Leavenworth because she had no money to pay a hotel bill which she incurred, gave birth to a boy, which is probably the first child born in the county jail. She was given every care and attention and both mother and child are doing nicely. By the kindness of Mrs. Brown the child did not actually come into the world in a felon's cell, the mother being allowed the use of a room in the sheriff's residence. The unfortunate mother will be released from jail as soon as she can be moved.

**Segregate Dope Fiends.**—A Superintendant of the state insane asylum at Oswatimie has suggested a brand new scheme to handle drunkards and dope fiends. In his report to the state board of control, he recommends that the state establish a separate institution for these unfortunate and put them to work. In addition to this he suggests that the state pension the people who are dependent upon the drunkards and dope fiends for support.

**One Killed, One Injured.**—One Mexican was killed and one so badly injured that there is small hopes of his recovery by a work train near Mayfield. The work train under Conductor Holmes and Engineer L. E. Smith had come on a siding to let the east-bound passenger by. The Mexicans stepped out of the way of the passenger and directly back of the work train on the siding. When the passenger was clear Engineer Smith backed his train out on the main line and hit the two Mexicans, who were standing on the end of the train. The men were not employed by the Santa Fe and were just hanging around the camp visiting with the other Mexicans.

**Farmers Drain Land.**—The owners of Hampton township lowlands along the Neosho river have been taking steps of late looking toward concentrated action in the matter of draining their land. A meeting was held in Wolfe Creek school house which was addressed by E. N. Connal on "Drainage," and by Surveyor J. I. Fleming. The meeting was well attended and another meeting will be held soon.

**Savage Can't Escape Justice.**—It has been learned that the plans of

**Outlook Good in Summer.**—Rain in the next few days will fix the greater portion of south summer country in good shape for a magnificent corn crop this year. This is particularly true of the low lands along the Chikaskia river. Corn is not suffering yet, but begins to show need of a good big rain. Corn in the neighborhood of Corbin is for the most part looking exceptionally well and with rain will certainly make a big crop, as it is now pretty well past the roasting ear stage. The nice fea-

**Planning Big Celebration.**—Wamego is planning a monster celebration to be known as a Woodman toasting which will be an inter-county affair in conjunction with Wabunsee county. The date will be September 17-18.

**Varnish Barrel Explodes.**—Aloysius Thiel, 9 years old, was almost instantly killed at Leavenworth by the explosion of an old varnish barrel to which he applied a match. His head was crushed and his body badly burned in the fire which followed the explosion. The force of the explosion was felt for several blocks.

**Brakeman Shot by Tramps.**—When Elmer Hevelly of Argentine, Santa Fe brakeman, attempted to put two tramps off of his train because they were stealing a ride near Lebo, he was shot and seriously wounded. He was taken to the Santa Fe hospital in Topeka and is in a critical condition. The tramps have not been caught.

**A Cyclone in Pratt.**—A cyclone struck near Caste in that county, blowing down barns and trees. It raised and struck again three miles east of Pratt and took everything in its path. Large barns were completely blown away and trees fourteen to sixteen inches thick were blown down. A stretch about three hundred yards wide and eight miles long was devastated.

**Carried War Messages.**—Mrs. Emily Haines Harrison, aged 87 years, who was an early settler in Saline county, died at the Bickerdike home in Ellsworth. She was a nurse during the Civil war and frequently carried dispatches for the Union army. She settled in the late 60s on a farm near Culver, but was driven from it during the Indian raid in which the settlers were driven from their homes.

**Examine McCormick.**—The supreme court granted an extension of thirty days on the application of Attorney General Jackson to secure evidence to be used in the ouster suit against the alleged "harvester trust" brought under the state anti-trust laws. Attorney General Jackson desires to secure testimony of Cyrus McCormick, head of the International Harvester company. So far he has been unable but expects to succeed before the extension of time has expired.

**Mrs. C. A. Stannard Dead.**—Mrs. Clara Stannard, wife of Stannard, died at Stannard, three miles northwest of Emporia. Mrs. Stannard had been ill for two weeks with typhoid fever. She was born in Cornwall, England, August 21, 1868, and came to America with her parents when a child. She was married to Mr. Stannard November 12, 1889, in Dickinson county, Kansas. Besides her husband she leaves two daughters, Faye, 15 years old, and May, 3. A son, James, died last October. The funeral was held Sunday.

**Company Gets Reduction.**—The state tax commission authorized a reduction from \$302,251 to \$241,825 in the assessed valuation of the Kansas end of the Leavenworth bridge across the Missouri river, which bridge is leased by the Great Western railway. The bridge is owned by the Leavenworth Terminal & Bridge company, a local organization, and it is claimed that the property does not pay a large revenue. The company was able to make such a strong showing that the tax commission decided that the local assessors had fixed the value a little too high. Last year the property was assessed at \$65,000.

**Trail of Chinaman.**—The six Chinamen found sealed in a box car by a brakeman at Herlington, Kansas, were taken to Topeka by Sheriff Fawcett of Dickinson county for trial before United States Commissioner Williams. Louis Adams will take the Chinamen to San Francisco in case a deportation order is issued. It is charged the men were sealed in a car and sent over the border from Mexico.

**Drowned in Smoky River.**—William A. Hinz, aged 21 years, of Milwaukee, was drowned at Enterprise while bathing in the Smoky river. He was an insurance man and was here with three other men appraising.

**Has Built a Dyke.**—The Bowersock Mill and Power company of Lawrence is taking precautionary measures to prevent as far as possible loss by high water. It has built a concrete dyke extending from the Kaw river bridge to the northwest corner of the mill building. This dyke is seven feet high and one foot in thickness and just tops the high water mark of the flood of last spring. An eighteen inch additional height also has been given to the round-head at the north end of the flood gates.

the postal authorities make the escape of Charles Savage, the negro held for robbing the mail pouch of \$50,000 at Kansas City, Mo., from a long term in prison almost an impossibility. If Savage escapes sentence on the charge of the big theft, he will at once be arrested for pilfering other registered packages in Kansas after the train crosses the state line. The authorities hold each package opened constitutes a separate offense and they say they will try Savage on each one.

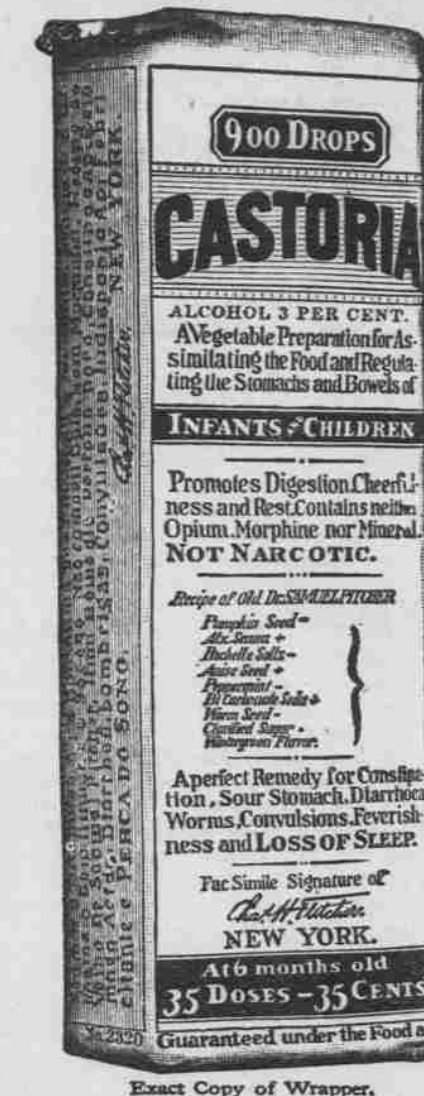

ture of this corn situation is, too, that for summer country there is a big acreage out. Besides, corn is worth from 70 to 80 cents a bushel, or almost as much as wheat.

**Cowley County Fair.**—The seventh annual fair of the Cowley County Agricultural and Live Stock Show association at Winfield promises to be the best since its organization. The grounds have been remodeled and new barns have been built. The entries up to date exceed any previous year.

## What is Castoria.

**CASTORIA** is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. ### LOOKED FOR OTHER TWO.

Little One Had But One Idea of Term "Fore-Handed."

Little Catherine has been boarding on a farm this summer, and many of the rural expressions are wholly unfamiliar to her. One day she chanced to hear her country hostess praising the good qualities of a certain thrifty neighbor.

"He really ain't got much, compared to some folks," said the farmer's wife, "but he makes out wonderful well; he's so fore-handed."

"That evening the man thus lauded happened to drop in, and Katherine immediately sidled up to him, with curious eyes. Slowly she revolved about the chair in which he sat, and so persistently did she gaze at him that the farmer's wife finally noticed it.

"Well, Katherine," she said, "you seem to find a good deal to look at in Mr. B—; don't you?"

"Why," replied the child, her little forehead wrinkled in perplexity. "I did want to see his two never hands, but I can't. Is he sittin' on 'em?"

**Warm Welcome Assured.**  
"And you say you haven't been home all the afternoon?" reprimanded the old lady on the bridge.

"No'm," confessed the small boy with wet hair.

"Well, why don't you go home right away? Your mother will be wearing her soul away for you."

The little boy was thoughtful. "Yesum, but I get there before my hair dries she will be wearing a shingle away for me. You see, I've been in swimming."

### THE TIME TEST.

That Is What Proves True Merit.

Doan's Kidney Pills bring the quick relief from backache and kidney troubles. Is that relief lasting? Let Mrs. James M. Long, of 113 N. Augusta St., Staunton, Va., tell you. On January 31st, 1903, Mrs. Long wrote: "Doan's Kidney Pills have cured me" (of pain in the back, urinary troubles, bearing down sensations, etc.). On June 20th, 1907, four and one-half years later, she said: "I haven't had kidney trouble since. I repeat my testimony."

Sold by all dealers, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

**His Idea.**  
"Well, just what is a secret, anyway?"

"A thing to be kept—"

"Yes."

"On tap—"

"Oh!"

"Until several people have ferreted it out—"

"Well!"

"And then it is published with big head lines."—Nashville American.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. F. Gerald Blattner, of Buffalo, N. Y., says: "Your Castoria is good for children and I frequently prescribe it, always obtaining the desired results."

Dr. Gustave A. Eisengraeber, of St. Paul, Minn., says: "I have used your Castoria repeatedly in my practice with good results, and can recommend it as an excellent, mild and harmless remedy for children."

Dr. E. J. Dennis, of St. Louis, Mo., says: "I have used and prescribed your Castoria in my sanitarium and outside practice for a number of years and find it to be an excellent remedy for children."

Dr. S. A. Buchanan, of Philadelphia, Pa., says: "I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."

Dr. J. E. Simpson, of Chicago, Ill., says: "I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."

Dr. R. E. Eskildson, of Omaha, Neb., says: "I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."

Dr. L. R. Robinson, of Kansas City, Mo., says: "Your Castoria certainly has merit. Is not its age, its continued use by mothers through all these years, and the many attempts to imitate it, sufficient recommendation? What can a physician add? Leave it to the mothers."

Dr. Edwin F. Pardee, of New York City, says: "For several years I have recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."

Dr. N. B. Sizer, of Brooklyn, N. Y., says: "I object to what are called patent medicines, where maker alone knows what ingredients are put in them, but I know the formula of your Castoria and advise its use."

### India-Gestion.

Here is a story the bishop of London told John Morley the other day: says the Philadelphia Inquirer. They were holding an "exam" in an East-end school, and the teacher was explaining the chief products of the Indian empire. One child recited a list of comestibles. "Please, miss, India produces curries and pepper and citron and chillies and chutney and—and—" "Yes, yes, and what comes after that?" "Please, miss, I don't remember." "Yes, but think. What is India so famous for?" "Please, 'm, India-gestion."

### BABY CRIED AND SCRATCHED

All the Time—Covered with Torturing Eczema—Doctor Said Sores Would Last for Years—Perfect Cure by Cuticura.

"My baby niece was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid. But I used Cuticura Soap and Cuticura Ointment and she was cured in three months. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."
